Martin is a qualified Chartered Accountant and a member of the IT faculty with over 10 years experience in the insurance and reinsurance industry. During that period he has gained significant experience in many accounting areas of the industry, and is currently Chief Accountant of the Dominion Insurance Company Ltd. with responsibility for accounting and IT management of the company.

**Key Skills & Abilities**

- Organisational – organising the Finance resources to deliver the Year End Accounts and regulatory returns to tight deadlines.
- Financial – qualified in the preparation of accounts, FSA Returns, VAT and Corporation Tax Returns.
- Analytical – skilled in analysing and preparing financial statements.
- Communication – experienced in all forms of communication.
- Project Management – skilled in designing and implementing changes to financial systems to deliver financial information faster and of a better quality.

**Key Achievements/ Experience**

- Chief Accountant with Dominion for over 5 years overseeing a number of changes within the finance area.
- Enhanced current Dominion finance procedures to enable accounting information to be produced more quickly and with better analysis.
- Had a major input into enhancing Dominion's current IT capabilities including a scanning solution, web-mail, terminal server and data warehouse.
- Assisted in the design and delivery of Dominion's data warehouse to enable information to be produced more rapidly and accurately.
- Contact with and experience of dealing with senior IT staff and managers from international accounting firms.
- With a previous major quoted insurer working as a consultant, designed and implemented a system which enabled it to produce its FSA returns within half the time it previously took together with improved analysis features.
